

# NUDE PARTNER STRETCH

Sensual nude stretching  
techniques demonstrated by  
three handsome couples.

DaVinci Partner Series

DaVinci Partner Series: Nude Partner Stretch takes the DaVinci series in a whole new direction with this instructional video for couples. Three handsome couples demonstrate in the nude a series of sensual stretching techniques designed for pairs. All major components of the body are addressed in three parts focusing on the neck, shoulders, arms, chest, abs, back and lower body. As each couple demonstrates the fitness techniques and exercises, the positions take on an erotic romanticism that highlights the beauty of the nude male body. Director Kevin Glover has taken the exercise video and raised it to an art form.
