CENTERFOLD MEN
volume 2

Take a peek into the lives of five gorgeous men worthy of magazine centerfold spreads in this voyeuristic and provocative film showcasing their amazing bodies. These incredibly sexy guys go about their weekend routine of exercising and relaxing in the nude. They also pose for you in the studio. See them strip down, shower, lounge and pose as the camera takes it all in. Tag along with cute all-American model Aaron, studly blonde lifeguard Bryant, beefy personal trainer Kyle, trim student Daniel and hunky bodybuilder Rob. Filled with arresting scenes panning each model's tone nude body both outdoors and in the privacy of their own personal spaces, you will see everything that makes up the true centerfold man.
