Our Most Anticipated DVD Ever!

Joe Oppedisano's "KNOCKOUT!" takes you inside the ring with celebrity fashion photographer, Joe Oppedisano, as he photographs every high-impact, sexually charged move of perfectly sculpted MMA fighters, street fighters, and the toughest athletes. Expect Oppedisano to bring *Testosterone*, his best-selling homoerotic photobook, to life with interviews, super-erotic situations, and extended wrestling scenes. His gritty style only begins to describe "KNOCKOUT!" This hyper-masculine film also features fresh tracks from up-and-coming artists like Logo network's *NewNowNext* favorite Cazwell, and was shot by Tony Sellari at the world famous Gleason's Gym in New York.
